_NPCS/ResourceData.h

```
graph BT; A["C:/Users/Kyle Tuckey /Documents/Final Year Project/Social_NPCS/Social_NPCS/ResourceData.cpp"] --> C["C:/Users/Kyle Tuckey /Documents/Final Year Project/Social_NPCS/Social_NPCS/ResourceData.h"]; B["C:/Users/Kyle Tuckey /Documents/Final Year Project/Social_NPCS/Social_NPCS/Social_NPCS.cpp"] --> C;
```

This diagram illustrates a dependency relationship in a C++ project. At the top, a grey-shaded box represents the header file 'ResourceData.h'. Below it, two white boxes represent source files: 'ResourceData.cpp' on the left and 'Social_NPCS.cpp' on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include or depend on the header file.
